Uses and Benefits of Service Maps

Getting Started with Service Maps

Types of Service Maps:

- Site/ Geo Location
- Domain-wise Maps
- Business Application/ Service Maps

Before you start:

- Repository of the Inventory
- Are the Devices Onboarded on OpsRamp
- A Flow Chart – Preferably a Visio Diagram

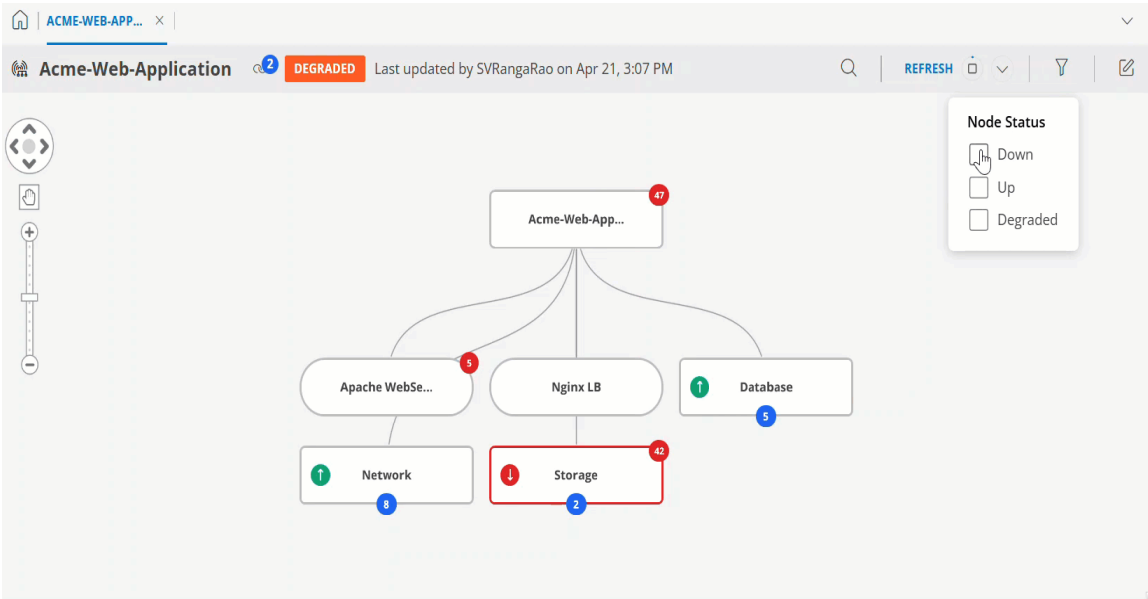

Demo – Creating Service Maps

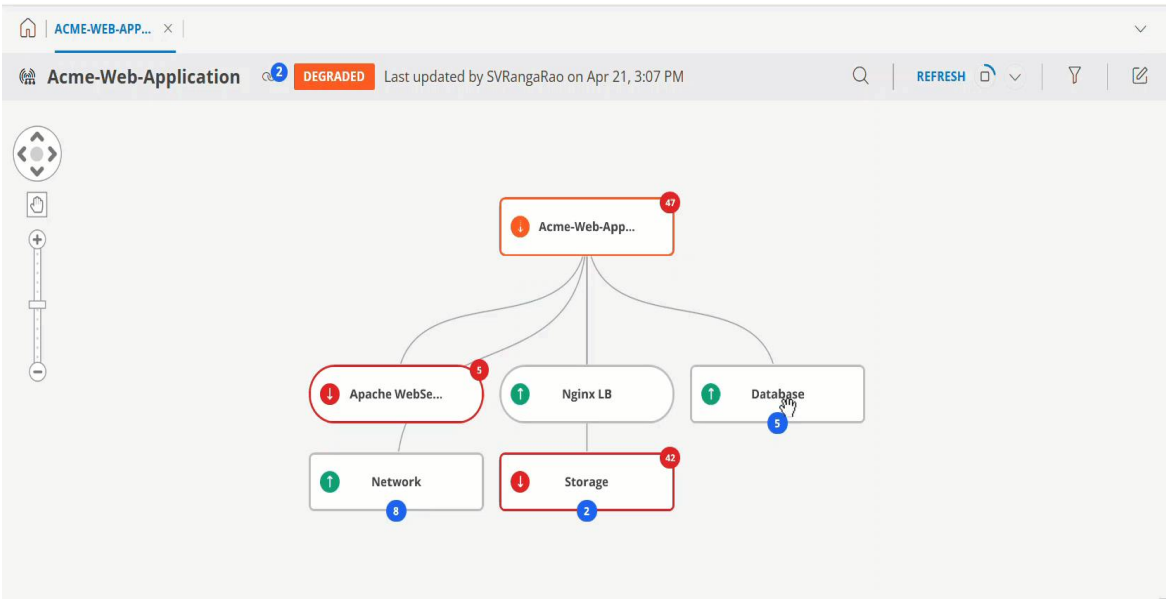

Working with Service Maps

Filter Service Map Nodes

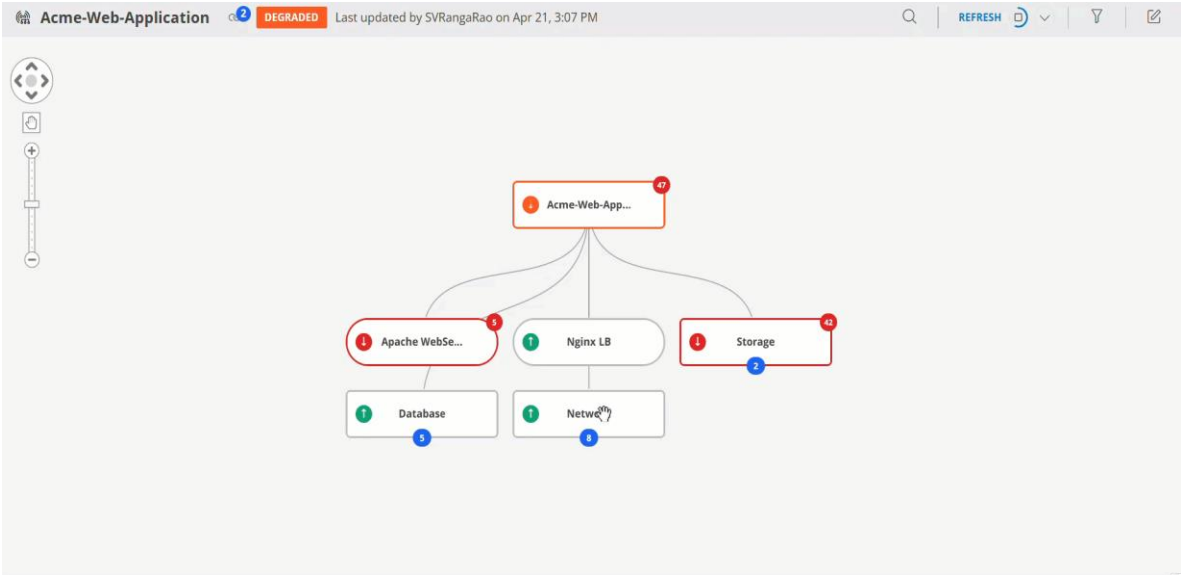

View Connection Path to Root Node

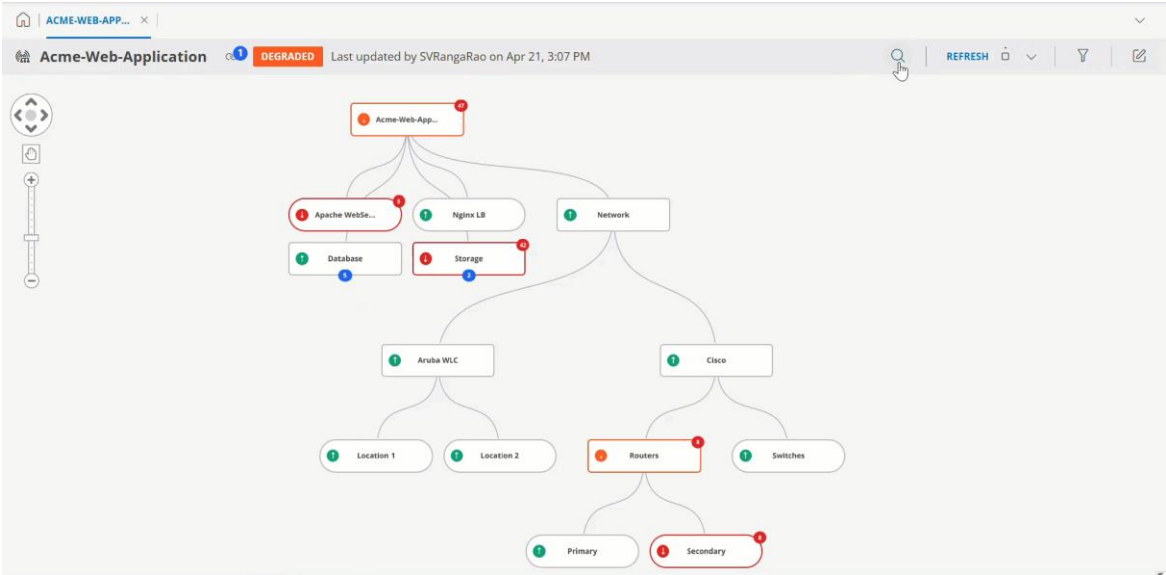

Working with Service Maps

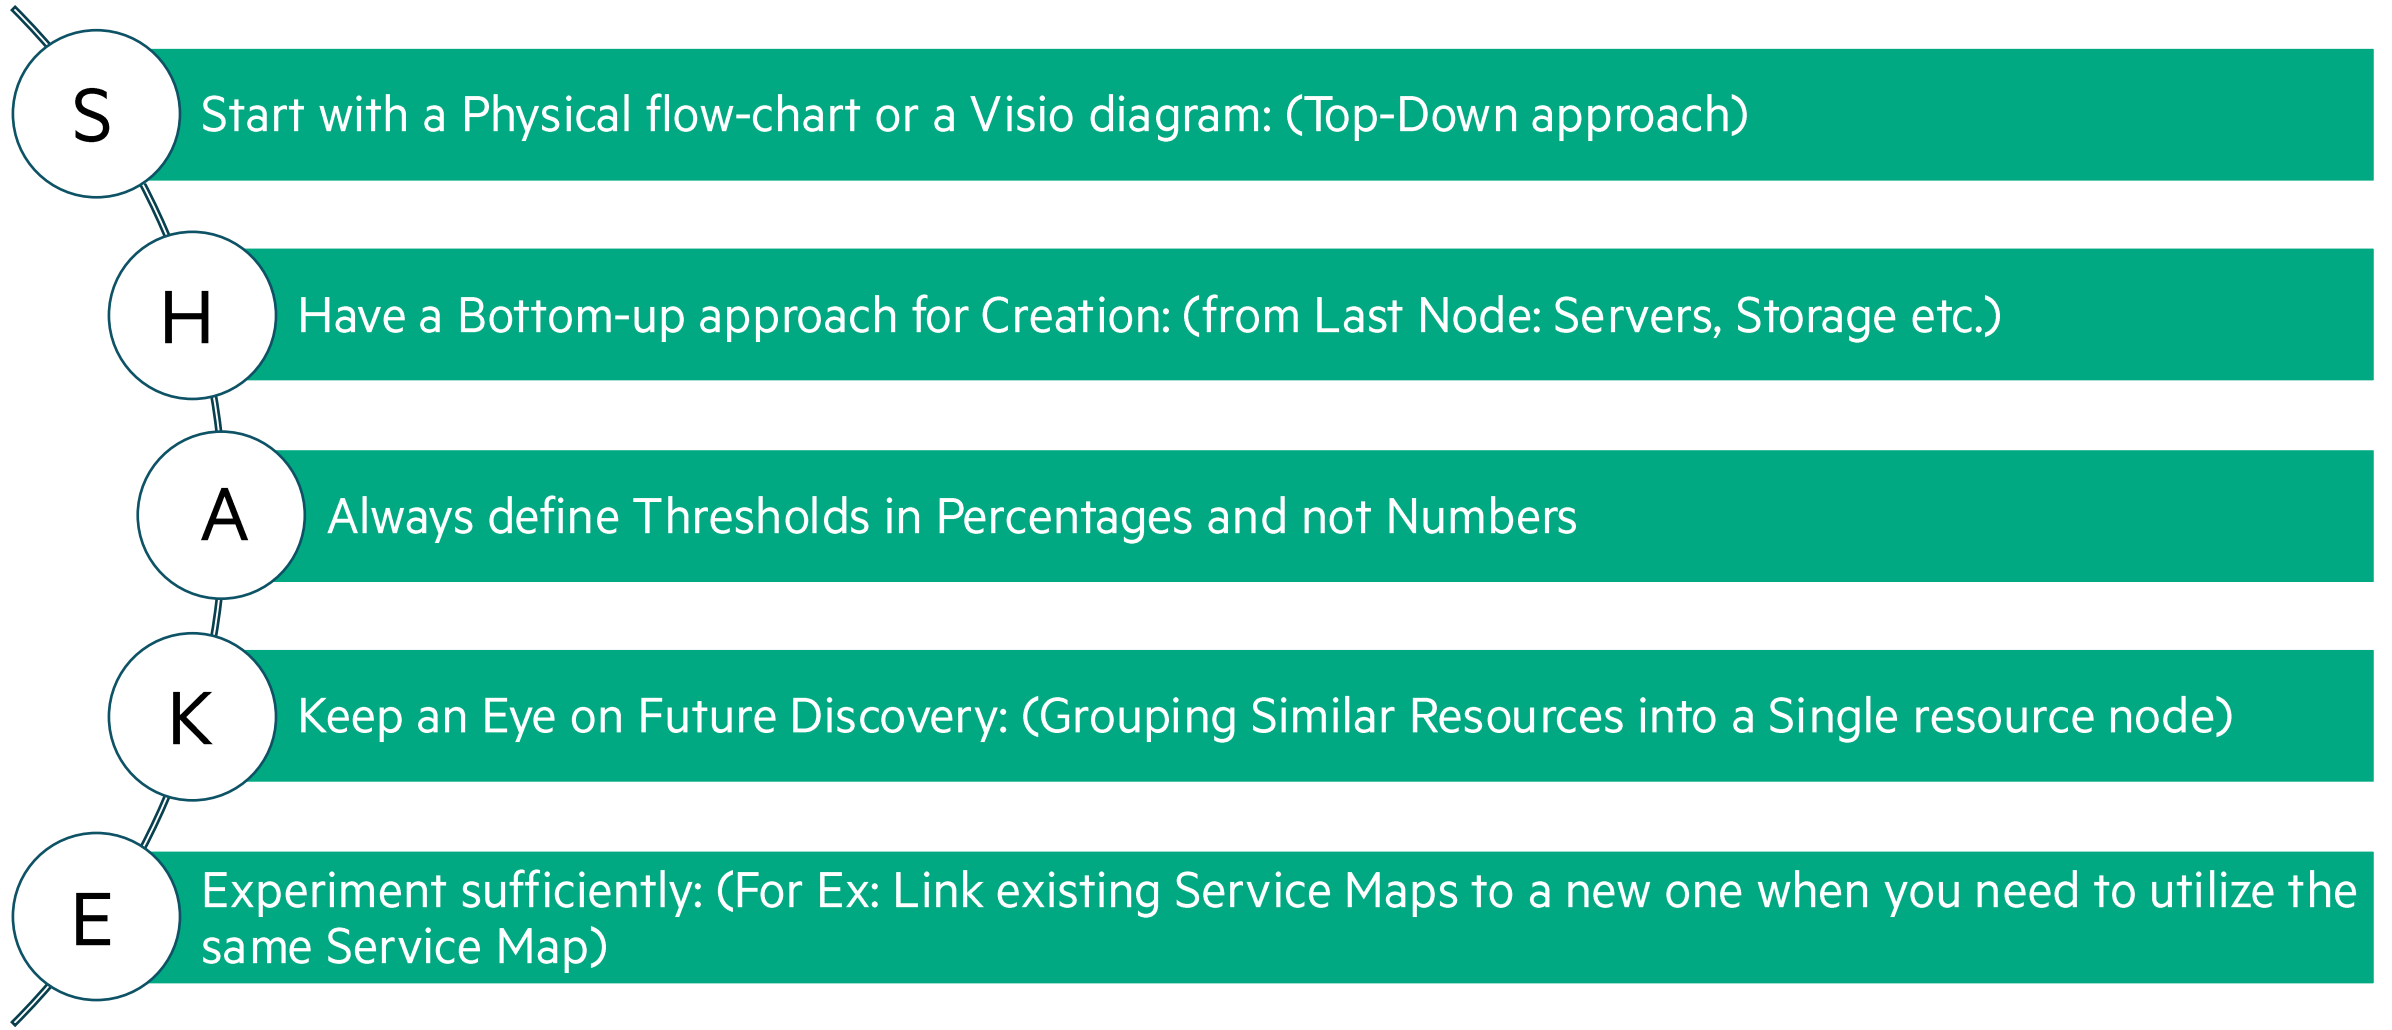

Expand/Collapse a Service Map

Search Service Map Nodes

Best Practices while creating Service Maps

Q/A

Thank you
